PRECAUCION AL CONSUMIDOR: Si usted no lee ingles, no use este producto hasta que la etiqueta le haya sido explicado ampliamente. *(**TO THE USER**: If you cannot read English, do not use this product until the label has been fully explained to you.)*

FIRST AID

If Swallowed:
- Immediately call a poison control center or doctor.
- Do not induce vomiting unless told to do so by a poison control center or doctor.
- Do not give **any** liquid to the person.
- Do not give anything by mouth to an unconscious person.

HOT LINE NUMBER
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-222-1222.

NOTE TO PHYSICIAN
Contains petroleum distillate - vomiting may cause aspiration pneumonia.

PRECAUTIONARY STATEMENTS
Hazards To Humans & Domestic Animals
CAUTION
Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

Personal Protective Equipment (PPE)
Applicators and other handlers, must wear the following:
- Long-sleeved shirt
- Long pants
- Shoes plus socks
- Gloves

USER SAFETY REQUIREMENTS

Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.

Follow manufacturer's instructions for cleaning/maintaining PPE. If there are no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

Physical and Chemical Hazards
Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130ºF may cause bursting. Do not use on electrical equipment or on surfaces that can be harmed or stained by water.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product in a manner inconsistent with its labeling.
Use Restrictions
- Except when applying to clothing, do not enter or allow others to enter until vapors, mists and aerosols have dispersed, sprays have dried and the treated area has been thoroughly ventilated.
- Except when applying to clothing, do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during applications.
- Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mist have dispersed.
- For articles: Do not wet articles to point of runoff or drip.
- Do not use treated article until spray has dried.
- Dry clean treated clothes before wearing.
- Remove pets, birds and cover any water inhabited by fish (such as aquariums and ornamental fish ponds) before application. Turn off aquarium filtering systems before spraying and wait approximately 15 minutes after application before turning the filter back on.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Not for use in metered release systems.
- Remove or cover exposed food and drinking water before application.
- Application as a surface spray, crack and crevice or spot spray: Remove or cover exposed food and water before application. Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them thoroughly before use. Do not apply more than 1 time per day.
- Application as a space spray: Do not apply more than 1 time per day.
- In the home, all dishes, utensils, food processing surfaces and equipment, should be covered during treatment or thoroughly washed before use.
- Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.
- May be applied in non-food/feed areas. Non-food/ feed establishment areas are areas such as garbage rooms, lavatories, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, mop closets and storage (after canning or bottling).
- Commercial food/feed areas where the product cannot be used include areas for receiving, serving, storage (Dry, Cold, Frozen, Raw), packaging (Cleaning, Slicing, Cooking, Grinding), edible, waste storage, enclosed processing systems (Mills, Dairies, Edible Oils, Syrups).
- Do not use in aircraft.

SHAKE WELL BEFORE USING
Remove protective cap, hold container upright and spray from a distance of 12 to 15 inches. When treating surfaces and fabrics where water alone could stain, spray in an inconspicuous area to test for possible staining or discoloration.

INDOORS:
Cockroaches: Spray into hiding places such as cracks and crevices, behind sinks, cabinets, along baseboards and floors, around drains and plumbing, hitting insects with spray whenever possible.
Ants: Spray trails, nests and points of entry. Spray on ants where possible.
TO KILL Bed Bugs: **On Upholstered Furniture –** test fabric in an inconspicuous area to insure dyes will not bleed. Spray all fabric surfaces until damp paying particular attention to tufts and seams to contact bed bugs directly. Do not use on delicate fabrics. Allow furniture to dry thoroughly before using. **On Carpets –** spray over entire carpet surface and spray in a sweeping motion. Use an overlapping pattern to insure total coverage. After application, brush the surface of the carpet with a broom or brush to insure deep penetration to contact as many bed bugs as possible. Allow carpet to dry thoroughly before reentering the treated area. Drying time can be accelerated by using a fan. **On Mattresses –** spray the top, bottom and sides of mattresses and box springs until damp, paying particular attention to tufts and seams. Allow to dry thoroughly before using. Take beds apart and spray into all joints. Treat baseboards, moldings and floors contacting bed bugs directly. **On wool and other proteinaceous fibers -** Remove infested articles from storage, brush thoroughly, and air for several hours in sunlight, if possible. Apply spray liberally to empty chests, closets, bureaus and other storages directing the spray into cracks, joints and crevices where bed bugs may be hiding. After airing, infested articles (such as luggage, stored clothing that cannot be either laundered or dry cleaned, shoes) may be treated by spraying lightly, keeping nozzle at least three feet from fabric to avoid staining.
TO KILL Dust Mites: This product controls house dust mites that may cause asthma, hay fever, rhinitis, watery eyes and sneezing. **On Upholstered Furniture and Drapes –** test fabric in an inconspicuous area to insure dyes will not bleed. Spray all fabric surfaces until damp. Do not use on delicate fabrics. Allow furniture to dry thoroughly before using. **On Carpets –** spray over entire carpet surface and spray in a sweeping motion. Use an overlapping pattern to insure total coverage. After application, brush the surface of the carpet with a broom or brush to insure deep penetration. Allow carpet to dry thoroughly before reentering the treated area. Drying time can be accelerated by using a fan. **On Mattresses –** spray the top, bottom and sides of mattresses until damp, paying particular attention to tufts and seams. Allow to dry thoroughly before using.

BACK PANEL

STORAGE AND DISPOSAL

Pesticide Storage: Store in a cool, dry area away from heat or open flame. Do not transport or store below 32ºF. Protect from freezing.
Container Disposal: Do Not Puncture or Incinerate!
If empty: Place in trash or offer for recycling if available. **If partly filled**: Call your local solid waste agency for disposal instructions.

IMPORTANT: READ BEFORE USE
NOTICE: To the extent consistent with applicable law, buyer assumes all risks of use, storage or handling of this product not in strict accordance with directions given herewith.
