EVERY 30 DAYS

Stop Animal Damage!

This box contains enough product to cover approximately 28,800 square feet

This product is a highly effective solution for preventing foraging, nesting and entry damage caused by **snakes, lizards and other reptiles** when used according to the following directions. **1:** Shake container well before using. **2:** Pour the contents of this container into an empty garden spreader (hand held or push), making sure it has been thoroughly cleaned out from any prior use. **3:** Apply product liberally to dens, tunnels, entries and around plants that need protection. When using near edible crops, apply a perimeter application. **4:** Repeat application as needed, usually every 30 days.

NOTE: Due to possible allergic reaction to one or more of the ingredients used to make this product, do not apply to plants that are grown for human or animal consumption. When applying, ensure that the product does not contact food plants. It may, however, be used on dormant fruit and nut trees. This product works by smell, taste and feel.

Storage and Disposal
Store at room temperature. When finished with contents, rinse this container and recycle.

Precautionary Statements
To reduce contact with skin, always wear gloves when handling. In case of eye contact or prolonged exposure to skin, flush thoroughly with water to reduce irritation. If swallowed, drink a glass of water.
