### EFFECTIVE AGAINST

Cats

Dogs

This product is a highly effective solution for preventing foraging, bedding, entry and droppings damage caused by **most breeds of dogs and cats** when used according to the following directions. **1:** Shake container well before using. **2:** Flip up tab on container to open, and, while gripping handle, shake side to side to release product. **3:** Apply product liberally to dens, entries, lawns and around plant areas that need protection. When using near edible crops, apply a perimeter application. **4:** Repeat application as needed, usually every 30 days.

**NOTE:** Due to possible allergic reaction to one or more of the ingredients used to make this product, do not apply to plants that are grown for human or animal consumption. When applying, ensure that the product does not contact food plants. It may, however, be used on dormant fruit and nut trees. This product works by smell, taste and feel.

#### Storage and Disposal

Store at room temperature. When finished with contents, rinse this container and recycle.

#### Precautionary Statements

To reduce contact with skin, always wear gloves when handling. In case of eye contact or prolonged exposure to skin, flush thoroughly with water to reduce irritation. If swallowed, drink a glass of water.
