Maxforce®

When it comes to ant problems,
one solution does not fit all.

Maxforce has a complete line of products that address different ant species,
food preferences and seasonality.

Maxforce®
COMPLETE

A nutrient-balanced granular bait rich in protein. Labeled for indoor and outdoor use against ants and other pests.

Maxforce®
QUANTUM

A high-moisture bait rich in carbohydrates. Quantum's formulation retains moisture and stays attractive when other liquid and gel baits have dried up.

Maxforce®
ANT GELS

A moist, carbohydrate-rich formulation that may be discreetly applied in cracks and crevices, indoors and outdoors. Fast colony control with fipronil in gel matrices that allow precise, low-profile applications.

Maxforce®
FC FIRE ANT BAIT

Combines fipronil with a proven bait matrix for fast, long-lasting control of fire ants.
