SAFETY DATA SHEET
EMERGENCY CALL: 1-800-424-9300 (CHEMTREC)

1. IDENTIFICATION

PRODUCT NAME: Alligare Clopyralid 3
DESCRIPTION: A liquid herbicide.
EPA Reg. No.: 81927-14

COMPANY IDENTIFICATION:
Alligare, LLC
13 N. 8th Street
Opelika, AL 36801

2. HAZARD IDENTIFICATION

WARNING
Causes eye irritation (H320)
Harmful if inhaled (H332)
May be harmful in contact with skin (H313)
Flammable liquid and vapor (H226)

HAZARD CLASSIFICATION

<table>
<thead>
<tr>
<th>Health Hazard</th>

PRECAUTIONARY STATEMENTS
Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. (P210)
Wear protective gloves / protective clothing / eye protection / face protection. Refer to Section 8 for specific PPE requirements. (P280)
Avoid breathing mist/vapors/spray. (P261)
Use only outdoors or in a well-ventilated area. (P271)
Wash hands and skin thoroughly after handling. (P264)

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists: Get medical advice or attention (P305+P351+P338+P337+P313)

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a Poison Control Center or doctor if you feel unwell. (P304+P340+P312)

IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water. Call a Poison Control Center of doctor if you feel unwell. (P303+P361+P335+P302+P312)
Store in a well-ventilated place. Keep cool. (P403+P235)
Dispose of contents / containers in accordance with local, State and Federal regulations. Refer to the product label for specific disposal instructions. (P501)

4. FIRST AID MEASURES

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact CHEMTREC at 1-800-424-9300 for emergency medical information.

IF INHALED: Remove person to fresh air and keep comfortable for breathing. Call a doctor or poison control center if you feel unwell.

IF ON SKIN OR CLOTHING: Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of water. If skin irritation or rash occurs: call a poison control center or doctor for treatment advice.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists, get medical advice/attention.

NOTE TO PHYSICIAN: No specific antidote is available, treat symptomatically.

5. FIREFIGHTING MEASURES

Flash point: 47.2°C (117°F)
Flammable Limits (LFL-UFL): Not determined
Fire and Explosion Hazards: May thermally decompose in fire releasing irritating and toxic fumes.
Extinguishing Medium: Water fog, alcohol resistant foam, dry chemical or carbon dioxide (CO2).
Fire Fighting Equipment: Firefighters should be equipped with self-contained positive pressure breathing apparatus and full bunker gear.
Fire Fighting Instructions: Evacuate area of all unnecessary personnel and fight fire from a safe distance upwind. Contain contaminated water / firefighting water; do not allow to enter drains or waterways. Foam or dry chemical fire extinguishing systems are preferred to prevent environmental damage from excessive water runoff.
NFPA Ratings: Health – 2 / Flammability – 2 / Reactivity - 1

6. ACCIDENTAL RELEASE MEASURES

Personal Precautions: Isolate area and keep unnecessary and unprotected personnel from entering. Wear suitable personal protective clothing and equipment as described in Section 8 of this document.
Small Spills: Absorb using sand, vermiculite or other inert absorbent. Place contained material in appropriate container for disposal.
Large Spills: Dike spillage and recover and retain as much free liquid as possible for reuse. Pick up remainder with suitable absorbent material. Place into suitable containers for reuse or disposal in a licensed facility. After removal, thoroughly clean contaminated area with water. Collect wash water for approved disposal.

7. HANDLING AND STORAGE

Do not swallow and avoid contact with eyes, skin and clothing. Use only in a well-ventilated area. Wear appropriate personal protective clothing and equipment (see Section 8 below). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.
Store above 28°F or warm to 40°F and agitate before use.

8. EXPOSURE CONTROLS / PERSONAL PROTECTION

Engineering Controls: Proper ventilation is required when handling or using this product to keep exposure to airborne contaminants below the exposure limit. Local mechanical exhaust ventilation may be required. Facilities storing or utilizing this material should be equipped with an eyewash station and a safety shower.
Protective Clothing: Wear long sleeved shirt, long pants, shoes, socks, and chemical resistant gloves made of any waterproof material.
General: Wash clothing and other absorbent materials that have been exposed to this product. Follow the manufacturer’s instructions for cleaning and maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

**10. STABILITY AND REACTIVITY**

**CONDITIONS TO AVOID:** Direct sunlight, open flame and temperatures close to the flash point (117°F).

**CHEMICAL STABILITY:** Stable under all normal use and storage conditions. May decompose if heated.

**HAZARDOUS DECOMPOSITION PRODUCTS:** Hydrogen chloride and oxides of nitrogen.

**INCOMPATIBILITY WITH OTHER MATERIALS:** Do not use with or store near oxidizing agents, acids, halogenated organics, brass, copper, zinc, or aluminum.

**HAZARDOUS REACTIONS:** This product is chemically stable and no hazardous reactions should occur if stored and handled as prescribed / indicated.

**POLYMERIZATION:** Will not occur.

**11. TOXICOLOGICAL INFORMATION**

**ORAL TOXICITY (rat LD₅₀):** > 5,000 mg/kg

**DERMAL TOXICITY (rat LD₅₀):** > 2,000 mg/kg

**INHALATION TOXICITY (rat LC₅₀):** > 2.1 mg/L (4-hour)

**EYE IRRITATION:** Moderately irritating

**SKIN IRRITATION:** Slightly irritating

**SKIN SENSITIZATION:** Not a contact sensitizer

**CARCINOGENICITY:**

- **EPA:** Not Listed
- **ACGIH:** Not Listed
- **NTP:** Not Listed
- **IARC:** Not Listed
- **OSHA:** Not Listed

**MUTAGENIC TOXICITY:** Little evidence of mutagenic effects during *in vivo* and *in vitro* assays.

**REPRODUCTIVE TOXICITY:** No evidence in animal studies.

**12. ECOLOGICAL INFORMATION**

Clopyralid is a chemical which can travel (seep or leach) through soil and under certain conditions contaminate groundwater which may be used for irrigation or drinking purposes. Users are advised not to apply clopyralid where soils have a rapid to very rapid permeability throughout the profile (such as loamy sand to sand) and the water table of an underlying aquifer is shallow, or to soils that would allow direct introduction into an aquifer. Your local agricultural agencies can provide further information on the type of soil in your area and the location of groundwater.

**13. DISPOSAL CONSIDERATIONS**

Do not contaminate water, food or feed by disposal.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Refer to the product label for specific container handling instructions.
14. TRANSPORT INFORMATION

UN Number: UN1993
Proper Shipping Name: Flammable Liquid, N.O.S. (contains isopropanol)
Transport Hazard Class: 3
Packing Group: III
Hazard Zone: A
Marine Pollutant: No
Hazardous Substance RQ: None

Labels / Placards:
- US-DOT: Combustible Liquid
- IMDG, IATA: Class 3 Flammable Liquid

1 US-DOT Note: Not regulated for “ground only” shipments in containers < 119 gal. If shipped in bulk, must be shipped as NA1993, Combustible Liquid, N.O.S. (contains isopropanol). If shipped over water must be shipped as a UN1993, Flammable Liquid, N.O.S. (contains isopropanol).

2 IMDG / IATA Note: Not regulated when shipped in single or inner packaging ≤ 1.3 gal (5 liter).

This information is not intended to convey all specific regulatory or operational requirements/information relating to this product. Transportation classifications may vary by container volume and may be influenced by regional or country variations in regulations. Additional transportation system information can be obtained through an authorized sales or customer service representative. It is the responsibility of the transporting organization to follow all applicable laws, regulations and rules relating to the transportation of the material.

15. REGULATORY INFORMATION

FIFRA –
This chemical is a pesticide product registered by the Environmental Protection Agency and is subject to certain labeling requirements under federal pesticide law. These requirements differ from the classification criteria and hazard information required for safety data sheets, and for workplace labels of non-pesticide chemicals. The following is the hazard information as required on the pesticide label:

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing.

See inside label booklet for additional Precautionary Statements and Directions for Use including Storage and Disposal instructions.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Do not contaminate water used for irrigation or domestic purposes.

Clopyralid is a chemical which can travel (seep or leach) through soil and under certain conditions contaminate groundwater which may be used for irrigation or drinking purposes. Users are advised not to apply clopyralid where soils have a rapid to very rapid permeability throughout the profile (such as loamy sand to sand) and the water table of an underlying aquifer is shallow, or to soils that would allow direct introduction into an aquifer. Your local agricultural agencies can provide further information on the type of soil in your area and the location of groundwater.
### 15. REGULATORY INFORMATION (CONT.)

All pesticides are governed under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). The regulatory information presented below is pertinent only when this product is handled outside of the normal use and application as a pesticide. This product is excluded from listing requirements under EPA/TSCA.

**SARA Title III – Section 302 Extremely Hazardous Substances**<br>Not listed

**SARA Title III – Section 311/312 Hazard Categories**<br>Immediate, Delayed, Fire

**SARA Title III – Section 312 Threshold Planning Quantity**<br>N/A

**SARA Title III – Section 313 Reportable Ingredients**<br>Isopropyl alcohol (CAS No. 67-63-0)

**CERCLA –**<br>Not listed

**CALIFORNIA PROP 65 STATUS –**<br>This product does not contain any chemicals known to the state of California to cause cancer or reproductive toxicity.

**CANADA –**<br>This product has been classified in accordance with the hazard criteria of the Controlled Products Regulations (CPR) and the SDS contains all of the information required by CPR.

### 16. OTHER INFORMATION

This information in this SDS is based on data available as of the revision date given herein, and believed to be correct. Contact Alligare, LLC to confirm if you have the most current MSDS. Judgments as to the suitability of the information herein for the individual’s own use or purposes is necessarily the individual’s own responsibility. Although reasonable care has been taken in the preparation of such information, Alligare, LLC extends no warranties, makes no representations, and assumes no responsibility as to the accuracy or suitability of such information for application to the individual’s purposes or the consequences of its use.

This Safety Data Sheet (SDS) serves different purposes than and does not replace or modify the EPA approved product labeling (attached to and accompanying the product container). This SDS provides important health, safety, and environmental information for employers, employees, emergency responders and others handling large quantities of the product in activities generally other than product use, while the labeling provides that information specifically for product use in the ordinary course.
